

May 10 1945

Mr Frank Spair  
Dunn Field  
Trenton N.J.

Dear Mr Spair:

I am writing to ask you when The Senators will start their night baseball. (I just remember the name has been changed). We are trying to arrange to come down late in May, but I know you would not want us playing nights until you have started.

I will appreciate hearing from you about this as soon as possible. The baseball has certainly had messy weather in April and May, but they say a bad begining is a good ending, so maybe things will change for the best before long. Let's hope so. We had 8511 paid out to our opening last Sunday, but we had expected about 15000. I believe we would have had them with a nice day. It was very bad here. Rained nearby in Jersey, and New York.

Will be looking to hear from you.

Very Truly Yours
